

ADVANCED OPTOMETRY

A MEMBER OF

VISION SOURCE

March 17th 2020

As of 5pm today, Tuesday March 17th 2020, **our Doctors have decided to close our office until at least Monday March 30th.** Like many businesses we are uncertain what the coming weeks will bring and cannot determine exactly when we will be able to return to business as usual. We take the responsibility of our role in protecting our communities health very seriously. By complying with recommendations from the CDC we can slow the spread of COVID-19 and lessen the strain on our community and essential health care providers.

Any patients with appointments affected by this closure will be contacted to reschedule once we are able to determine a definite date to re-open. We are working to determine a safe plan of action for any patients that have glasses or contacts that need to be dispensed during this closure.

Please feel free to **call (231) 775-7341 with any additional non-emergent questions** and our staff will return your call as soon as possible.

Thank you for your understanding during this uncertain time,
Dr. Richard McDonald, Dr. Amanda Johnston and Advanced
Optometry Staff

**If you have an eyecare
emergency please call
(231) 577-9933**
